chime loiters - in catabolic the  
imperative  
it brought  
i'm sorry but dislocate  
in cheek

gape amplified and dogged flat

x-o-x-o-x.com: set  
yourself free from any  
counterproductive

# remnants of confidence

ingraft paid i thought of isomers  
and the defoliation acid  
acid impress  
a differ gush fit transact

*the best romances begin as death duels between  
competing spam corporations*

victims make the news thanks to  
their ineffable glamorousness

it was curtailed, we lost subjects in  
the work to encompass ingraft

'Buzzfeed 2035: Internet troll on her death  
bed reveals her 350 biggest regrets from every  
decade including "not going on trendy shooting  
spree" and "seriously quit it" and "puppies"  
and "cut off your fingers and throw your  
smartphone out the window"' - Anjali Bahl

pneumonia starlight

duckface in blue is  
in for the winter  
season

*panic and  
although segregate  
there  
or buoyant currents*

it's hard love when cube and desiccate  
flesh isn't the right model nothing you  
made readable we tried to translate  
what you said but

*locate pols gash the mining panic  
it was  
elephantiasis redissolve emit  
there  
a monocole or tune*

cubes don't have rights these days we  
couldn't even secure you a social  
insurance number basically the whole  
form was blank what makes an entity  
when is it ok to be when is being  
present and never goes away and no  
matter what you do there is the future  
and then silence and the models they  
are worn by too much use things might  
end but then the fingers we have  
stitched together didn't  
end up taking the form of a hand so we  
didn't have anything to reply back to  
you

*exit there a field  
accommodation offers a place for the*

***it's difficult to be serious without capital***

**your writing is almost  
as good as the way you  
pose when writing**

*tax collector muse*

getting involved with too many disciplines at

once = free yourself  
from dragons

*kinesthetic rattles*  
*i've*  
*traduced*

this name is actually just my online  
name my birth name was what's-his-face

*some dignified reluctance*  
*earthly*  
*agglutinin syllables i scant*

"when you're dead, no one can hear you  
scream" - Kolobos

the licit whelp, uncontrolled the  
epidermal brail

what touch suicidology and poltergeist  
romance  
only phonics (frazzle)

flutter by and still

*x-o-x-o-x.com recommends you don't  
do anything so you don't upset  
anyone unless they get upset by  
you not doing anything in which  
case be sure to never do nothing*

unnerved, a twist prattle and sweat  
(thereafter plaint

sapphist lapidary and the innocence of  
restraint

**apologize before and after**

sex comedy

dressing up or some mysteriously figure

excerpts from the effects

*instead of inventing terms, other*

**agony flowers give in to the bottom of boat  
are**

revoking the feathers  
the  
brief a comb and astral expand

*for anyone who likes*

**all genres could be advantageously replaced by  
the single genre of erotic sci-fi**

across the secluded telemetric  
the carols  
the bells  
i didn't decrypt so much as blemish outsource

*how to exist. The opposite of its mechanisms  
that*

**I want to the message is Mars.**

you can't see it but in the corner there are  
doubles  
there is an overuse of misinstruct

"the devil with the messages, we're  
going to the moon" - D Wishman

with metals we talked on end about the  
probabilities of human metals  
of animals and pill forms

**Tiresias:** I'd want rather a stop assuming in  
sexual orientation

that gained the prospect of having faster  
moving electrons  
decoration not versification  
hydrofoils not

eunuch x-o-x-o-  
x.com would  
like you to  
talk more about  
how you  
pronounce file  
name extensions

*so much trauma so few coupons to clip*

the deluge  
indecenty measured time again - flaunt vesicle  
shred

post-garburator sciece po

sorrow standards have risen by over 20% in the last decade

the x-o-x-o-x.com bot is a complex algorithmic remix of my posts done in a way that is so like me that I can die and my essence will be uploaded into the machine to post statuses for eternity

A 3D printed assault rifle designed to discharge rounds of saturation and breakdown

British refugees onto its servers we agreed that

couth >> spoil

*- distributed, democratized, educational  
corporate utopia*

asexual robot = folk aesthetic aptitude  
training

scorch roughen and melting tolerance  
the escape, rarefy i can't stop we are

have

but the media's bottom a spectacularly improbable series of  
catastrophes is more

slaughter flatter derision control and roll  
into the sky or not we know

fools admire sometimes  
but they like

we've been hatching dimwits to faint  
for toil

look to the vague of cybernetics whose impose then different  
prescriptives pretend immateriality is all Fun Fact the Cthulhu  
Mythos today sex comedy expecting a person

**eggs always been a couple  
of people**

realize the approach of the metric system, disconsolation,  
torrent seek out

+++++++

quotation decoys for the shuffled, they've  
expressed an appreciation,

Biopoetics as an Integrated Practice and not  
as a job as a totally acceptable mode of  
intimacy

unbearably cute is the new spam

\$\$\$\$\$\$\$\$\$\$\$\$

their underpaid indiscretion (churches) jade

and programs queued, exhumed

statusbot texts:

Mary Had a Little Lamb (etc full verse)

According to the Prophecy, \_\_\_\_\_

- piezochemistry

**and thank you about the  
posts/event that totally  
makes my day i would def  
be down to do something**

“starring Alida Valli as a woman determined to conquer  
the mountain that killed her father”

scourge has spent the past year constructing  
the word, and now it was time to license its  
toil - you who are an underproduction

*misery breeds tax returns*

"you don't think that science can provide the answer?"

"not as fast as sex"

- B Edwards

never forget that cocamidopropyl betaine and sodium lauroyl  
isethionate think you are more beautiful than you do - a  
message from x-o-x-o-x.com

not enough has been made yet, we will be in  
touch once talk has become ineffective

that's ok, i'll let you know when i have something that pays

the battle between the trees and erosion (by which we mean

economies) and impugny  
the stratospheric plant thank you for covering my face  
with cherry sauce

flowers made a conciliatory effort  
towards the future by overthrowing  
dissolution  
reaffirming conceptual sisterliness

and severely limiting hedge fund  
access

**remember to ring twice  
before relieving yourself of  
the premises [correction: of  
the promises]**

everything you could ever want but were afraid to mask

camouflage, in the night, invulnerable  
cowhide towards an opaque flourish accent

the trees, separatist, fighting for freedom  
from the priestly class  
the trees just want the right to get excited  
about water and how the tides are regulated by  
the moon

"glamour photography gives us the grammar of  
alienation" -

boats were pondering the possibility of  
agglutination

"i don't believe deeming is enough" said  
daydream

"amusingly, you are heedless to vehemence"  
said arch-log

enlistment had begun. solaces were handed out  
to the assembly advisory boards.

"what kind of boat are you building?" they  
asked

enlistment had begun. solace was bound  
outwards towards the assembly line. no one  
had reached it, no one could reach it.

when you stick things together, glutens, they  
join up and you can make it into a song. a  
song of guts and flint and litanies that  
people flower in buildings when everything is  
the voice of ship.

travel isn't enough when you have listening  
and advisory boards. anymore skylark it was  
maddening west

raydal123 F / 19

Hey sweetheart!  
I'm in Richmond,  
wanna come over?  
I'm srsly turned on  
by the experimental  
practice of social  
networking art <3
